***Mandatory Parent Meetings are periodic in-person sit downs alongside the students where I will give you a brief update on our production status as well as any other details you really need to know. I understand some of you are very busy and/or your older students drive themselves, so if it is impossible for you to attend in person, please connect with another parent to find out what you missed or have your older student relay the info to you (if you feel like they are responsible enough for that task). Otherwise, I hope these meetings will help you feel more connected and informed!**
